Virtual worlds and Second Life workshop – Set up your account / create your avatar in Second Life

2. Fill in the following page:

   - Choose a starting look for your avatar
   - Choose a community – check the box
   - Create a First Name – this can be anything
   - Select a Last Name – this has to be one from the drop down box
   - Email address – can be your College email or webmail – you will need this to activate your account – then confirm this on the next line.
   - I live in – UK
   - I was born on
   - Real Life First Name / Real Life Last Name
   - I am Male/Female
   - Password / Confirm Password
   - Security Question / Security Answer
   - Enter the two words below
   - Terms of Service – check the box and click on Create Account
3. Select Virtually Linked – Second Life in London and click on ‘Yes, Start here’

4. You will then get a message sent to your email address – you will need to confirm your email address by clicking on the link in your email account.

5. Downloading the Second Life software

Note: You only need to download the Second Life software if you are working from your own desktop. The cluster machines have Second Life installed for the purpose of the workshop.

To launch Second Life go to the Start Menu, select Program, select Second Life and then click on Second Life.

Type in your first name, last name and password, tick the box accepting the terms of service and click on Continue.

You should now have arrived on Orientation Island in Second Life.
